🌐 Portfolio: [VictorRoAlb Portfolio](#)

SKILLS AND ABILITIES

- Applied Machine Learning and Deep Learning
- Foundation models in medical imaging
- Cross-modal retrieval and Visual Question Answering
- Computer vision and digital histopathology
- Programming in Python, R and MATLAB
- Relational databases and SQL queries
- Generative AI and cloud services in AWS

LANGUAGES

Spanish:

Native.

English:

C1 level (Cambridge Advanced, Score: 190)

PROJECTS

- GitHub: <https://github.com/VictorRoAlb>

ADDITIONAL INFORMATION

- Recipient of the ValgrAI scholarship, awarded for academic excellence to support postgraduate training in artificial intelligence and data science.
- Driving licence: Category B

ABOUT ME

Biomedical Engineer from the Universitat Politècnica de València and student of the Master's Degree in Data Analysis Engineering, Process Improvement and Decision-Making. My profile combines technical training, data analysis, programming and the development of Machine Learning and Deep Learning models, with an interest in creating solutions based on Artificial Intelligence and process optimization. I currently work with foundation models, multimodal analysis, data processing and AI model evaluation. I also have knowledge of generative AI, Amazon Web Services cloud services and programming tools oriented towards the analysis and development of intelligent solutions.

ACADEMIC EDUCATION

- Master's Degree in Data Analysis Engineering, Process Improvement and Decision-Making [9.1]
Universitat Politècnica de València (2025 - 2026)
- Degree in Biomedical Engineering (7.4)
Universitat Politècnica de València (2021 - 2025)
- Scientific-Technological Baccalaureate
IES Fernando Zóbel, Cuenca (2019 - 2021)

EXPERIENCE

- AI Researcher
CVB Lab - Universitat Politècnica de València
December 2025 - Present
- Hospital internship
Hospital Clínico Universitario de Valencia
February 2025 - April 2025 (3 months)

ADDITIONAL TECHNICAL TRAINING

- Preparation for the AWS Certified Generative AI Developer exam
- PyTorch for Deep Learning - DeepLearning.AI
- VISPY201X: Python Programming: data visualization - UPValenciaX · edX
- Introduction to SQL and Relational Databases - edX (UPValenciaX)
